A Patient's Guide to UNWRAPPING the Mystery of LYMPHEDEMA

Presented by Certified Lymphedema Therapists who provide customized outpatient lymphedema management at the Missouri Baptist Medical Center They will discuss treatment issues and describe the most recent developments for managing this most troublesome side effect.

Wednesday, May 12 • 6:30 - 8:00 PM - RSVP

Treatment Approaches to Pain Associated with Breast Cancer Treatment

Dr. Rachel Feinberg, a breast cancer survivor, will be presenting on the nervous system and its relationship to breast cancer and pain -- it will include x-rays illustrating changes in alignment and ribs and how this leads to pain, and also discuss treatment for the chest during radiation. Dr. Feinberg is a Board certified Anesthesiologist with a specialty in pain management and has been in private practice over 20 years.
